Sponsoring this hike will help empower women to take control of their lives and build a better future after domestic violence.

Support us to keep women and children safe

About Jenny's Place

Since 1977, Jenny's Place has been helping women and children in the Newcastle area to find safety. We help those who are victims of domestic violence or who face homelessness.

Our vision is to prevent violence and to promote healthy relationships through community education and raising awareness. Our services include homelessness support, domestic violence support, and information/resources.

We are committed to keeping women and children in our community safe, housed and free from violence. We believe everyone deserves to be safe. With your help we can enable these families to live a secure life and break the cycle of violence.

Heysen Flinders Hike to Help Jenny's Place

15 incredible people are taking on the mammoth challenge of trekking the Heysen Trail and Flinders Ranges in an effort to bring awareness and raise much needed funds for Jenny's Place to allow them to continue to help local women and children escaping domestic violence.

The Hike will take 10 days to complete and cover 120 kms walking each day over rugged, hard surfaced and dry terrain with steep ascents and descents as they walk from gorges to ridgelines and through creek and river beds. The terrain is rocky, stony and mountainous and some days will involve steep walks for up to 9 hours each day. Each night they will camp out in the wilderness in tents or swags.
